

CANNABIS DOSING COURSE AFFILIATE PROGRAM

As members of the cannabis space, we have a unique opportunity to support our fellow entrepreneurs and find our way through the many obstacles to running successful cannabis based businesses.

Your Invited

Become an affiliate marketer with [Terese Bowors](#) and the online course [Cannabis Dosing, Getting Started with Medical Cannabis](#) and receive a share of the profits as well as a discount for your students.

This course is a great starting point for the beginner cannabis curious. There are 8 modules with each module being between 10-15 minutes long with guided homework to build a personalized cannabis plan. Students are guided to first set an intention. Students dive into the science of cannabis, methods of intake and how to select which method of intake is right for them. I equip students to keep track and know how to make adjustments to their dosing safely. I talk about side effects and how to mediate them or cope when they arise. Then it's time for shopping! I talk about the different options of purchasing cannabis (including the legacy market) and set students up with a shopping list to prepare them for their purchasing.

Previous students have shared:

~I found this course very enlightening. I learned much more information than I was expecting

~The course was full of loads of great information

~It was helpful to learn more about the ECS and how CBD and THC work. A great foundation to get started and for further exploration. I'm curious to learn more about available products.

~Great stuff. Glad that there is a course like this to help new users

~I have discovered a new level of health and wellbeing through this course

How it Works

As a member of the cannabis space (educator, coach, influencer, marketer, lover), you are invited to make a couple bucks while you share the course with your community. Join my Affiliate Program and receive 10% return and 10% discount for your students.

I'm offering you:

- Your unique link to the course
- Your unique 10% discount code (off the regular price)
- Affiliate Dashboard to track visits and purchases through your link
- Marketing materials with graphics and copy
- \$7.90 for each student that signs up with your link (at the regular price)

For every student that signs up with your link, you will receive 10% return or \$7.90 at the regular price. Your students must use either the link or the discount code in order to track your sales.

In exchange, you're offering me:

- Share Share Share!! Spread the word about the course with your circle of influence
As a cannabis educator or coach, you may find the course helpful for your clients as an addition to your sessions together.
As a cannabis influencer or marketer, you may be wanting to offer more education to your followers and this is the place to start.
As a cannabis lover, you may just want to share everything cannabis AND make a couple bucks.

Are you ready to start making some extra bud money now?
